901074	5G Wrap, 24" x 24"	SCRN-510/SCRN-520/SCRN-530

CUSTOM COLOR AND TEXTURE MATCHING PROGRAM

ConcealFab provides custom color and texture matching to suit site needs. In order to accurately match colors and/or textures, ConcealFab requires the following:

COLOR MATCHING OPTIONS

1. Sherwin Williams (Color Code and Color Name for example: SW6327 Bold Brick).
2. RAL (Color Code and Name for example: RAL 6009 Fir Green).
3. Federal Standard (Fed Std 20040 Brown).
4. Custom Match a physical sample provided by the customer on a white piece of paper or cardboard.

TEXTURE MATCHING OPTIONS

(Site Match Tool available for brick pattern matching)

Step 1: Choose a section of your site to photograph with no stains, shadows, or sun glare.

Step 2: Stand four feet away from the section.

Step 3: Take 2-3 photos from the front using high resolution.

Step 4: Repeat steps 1-4 for sunny, shaded, and different textured sections not captured previously.

Step 5: Take 5-10 pictures of the overall site for reference using landscape orientation.

Note: Custom Design Fee will apply for each texture/design match.

VINYL WRAP TRAINING

On-site at ConcealFab, Inc. Colorado Springs headquarters only. Contact ConcealFab at cf.sales@valmont.com to schedule a training class for your general contractors.
