

Every Cable Size. Zero PIM.

ConcealFab® PIM Shield® Cable Support Blocks secure cable in an all-polymer, metal-free clamp that protects RF performance where passive intermodulation matters. Ten sizes span 4mm through 54mm cable, so one block family covers the full run from jumper to main feeder.

Metal-Free, PIM-Safe Clamping

All-polymer construction removes metal contact at the support point, keeping passive intermodulation out of the cable path. Every clamping surface is dielectric, so there's no metal-on-jacket contact to introduce a PIM source between supports.

Full Cable-Size Range

Ten sizes cover 4mm to 54mm cable, supporting everything from small jumpers to large feeder on a single product line. One block family covers the whole tower so specification and stocking stay consistent from antenna to ground.

Cushioned for Fine Cable

The smallest size ships with an elliptical cushion to grip fine cable securely. The larger sizes clamp the cable directly across the range.

Stacks with PIM Shield® Hardware

Blocks stack and mount with the PIM Shield® Hardware Kits, building one, two, or three-high assemblies on a single rod. The same hardware kit indexes each block at consistent pitch so multi-cable bundles route cleanly through the support.

Built for Low-PIM Cable Management

- All-polymer, metal-free body
- Dynamic universal cushion design
- Fits 1/2" to 2-1/4" hangers
- Performance tested in our proprietary anechoic chamber

Product Configurations

SKU	Description	Cable Size	Qty	Weight
PSCSB-23-10	Cable Support Block	22.5–24mm (23mm)	10	1.50 lbs.
PSCSB-78-10	Cable Support Block	27–29mm (7/8")	10	1.80 lbs.
PSCSB-35-10	Cable Support Block	34–36mm (35mm)	10	2.00 lbs.
PSCSB-114-10	Cable Support Block	39–42mm (1-1/4")	10	2.50 lbs.
PSCSB-158-10	Cable Support Block	50–54mm (1-5/8")	10	3.06 lbs.

Works With

SKU	Name	Cable Size	Rod Length	Weight
PSCBH-01-10	PIM Shield® Cable Block Hardware Kit	1-High	3/8" × 4-1/4"	1.83 lbs.
PSCBH-02-10	PIM Shield® Cable Block Hardware Kit	2-High	3/8" × 7"	2.47 lbs.
PSCBH-03-10	PIM Shield® Cable Block Hardware Kit	3-High	3/8" × 9-1/2"	2.89 lbs.
